

Successió Miró

We are very pleased to announce our collaboration with Tisserand Pansu in Paris. They are in business since 1878, with a long tradition of quality and care, using noble materials such as wool, cotton and leather for their purse.

They have two of the best craftsmen in France, and they are considered as a human living patrimony company.

After having assumed a compromise with Tisserand Pansu in 2010, Successió Miró (Miró Estate office) is pleased to present a selection based on some of the most relevant works by Joan Miró.

We hope that you are pleased with the results.

Your sincerely,

Joan Punyet Miró

Lola Fernández Jiménez
